MILITARY MANEUVERS

They Are to Be Carried Out in the
Minutest Detail.

CAMP YOUNG PLACE

About Fourteen Thousand Soldiers
Including Militia From Indiana,
Illinois and Kentucky,
to Participate.

Camp Young, West Point, Ky., Sept. 25.—With the commanding general on the ground and all preliminaries disposed of, regular troops from the department of the lakes began arriving while others are leaving stations in different parts of the country for the second series of instructive war maneuvers. The maneuvers will be the second of kind undertaken in time of peace since the civil war, the first having been held at Fort Riley, Kan., last year. About 14,000 troops, including militia from Indiana, Illinois, Ohio, Michigan, Kentucky and Wisconsin, will participate. Regular troops taking part represent all arms of the service, except heavy artillery. The militia will be represented solely by infantry and lighter artillery.

Major General Bates, commanding the department of the lakes, is now on the ground with his staff. General Bates issued general order for guidance of umpires, officers and troops during the maneuvers. Regular troops, consisting of detachments from all posts in department of the lakes

and comprising approximately a short brigade of infantry and a regiment and two detached squadrons of cavalry, will all be in camp in a few hours. A detachment from the signal, hospital and engineer corps have been at work for some time.

Maneuvers proper will not begin until Oct. 2, by which time all National guardsmen will have arrived. All conditions of actual warfare and strategic problems relating to repulse of invading army will be worked out to the last detail, the main movements extending over a period of nearly two weeks. The automobile as an article in warfare has already been given a trial by signal corps men in their work. Their lumbering "Red Devil" struck colors, however, Thursday night to one Kentucky "knob" surrounding the camp and was shoved back to a steamboat to be sent to Louisville for repairs.

Fort Worth, Sept. 25.—Texas and Pacific Coal company operators and the mine workers have not yet agreed on a scale. Owners say the advances asked by the men are more than the business will justify.

No Confirmation Yet.

Washington, Sept. 25.—The state department has not yet received confirmation of the despatch from Santo Domingo City, saying that the Dominican government had informed Minister Powell that it absolutely declined to recognize the validity of the agreement regarding the claims of the improvement company.

Death of Colonel Colquitt.

Little Rock, Sept. 25.—Colonel John W. Colquitt, former commissioner of state lands, died at his home in this city. He was sixty-three years of age. He was a veteran of the Confederate army, having been a colonel of the Arkansas infantry.

SOUTHERN PACIFIC CAUSES "RICE REVOLUTION" IN CHINA.

"Carrying Coals to Newcastle,"
is an old saying, but "carrying
rice to China" is a newer one
which has originated with the
Southern Pacific railroad, for
General Passenger Agent T. J.
Anderson, on request, has just
shipped to the Flowery Kingdom a
quantity of Southern Pacific rice
cook books, and the disciples of
Confucius will be taught the two
hundred different American ways
of cooking rice, therein contained.
Mr. Anderson received a letter
from a Chinese merchant of Hong
Kong, requesting these recipes for
cooking and preparing rice, the art
of which has all along been con-
ceded as exclusively the Jap's and
Chinaman's own, for it seems the
spirit of Americanism and Ameri-
can ideas has overspread the
Orient, and this latest is an evi-
dence of the deadly blow which
has been struck at the altars of
Confucianism and the dethrone-
ment of the sacred traditions of
thousands of years. China is the
greatest rice consuming country of
the world, but the contact of
American influence evidently had
wrought a "rice revolution," the
far-reaching effects of which can-
not be foreseen. The next thing,
Germany will be sending to
America to learn how to manufac-

ture beer, and sunny Italy for the
best way to prepare spaghetti.

The Southern Pacific is about
one of the biggest advertisers in
the United States, but it looks this
time as if its efforts in the art of
publicity were about to batter
down the impregnable Chinese wall
and show the yellow Celestials
how to cook even their own native
staple food.—Houston Post.

How long will that forest on
Saginaw Hill last anyway—and
continue to stand those strenuous
assaults?

Senator Morgan thinks debates
in the coming congress will more
closely unite the opposing factions
of the democracy.

The county attorney of Grayson
county says that under the new
bird law it is unlawful to offer for
sale hats trimmed with birds or
feathers, except ostrich feathers,
which are plucked. He also ruled
that it is unlawful for ladies to
wear such hats. How about it,
Nagle?

CANAL TO BE DUG.

This Will Give Baatangas Province an
Outlet For Her Products.
Manila, Sept. 25.—The government
has decided to build a canal from Lake
Taal to the sea at the expense of \$200,-
000 out of the congressional relief fund.
This will give Baatangas province an
outlet for its products.

Governor Taft has received annual
reports of distress among the natives
of Baatangas, Nogos, Tayabas and
Cebu, the result of failure of the crops
owing to the ravages of locusts. The
government is now distributing \$350,-
000 worth of rice among the afflicted
districts, which is to be paid for in
work.

Dr. Charles Gardiner, one of the best
known and most successful physicians
in the west, has dropped dead from
heart failure while performing an op-
eration at the home of a patient. He
had just performed the operation and
was in the act of applying medicines
to stop the flow of blood, when he was
seen to turn pale and stagger from
the room to an adjoining one, in which
he fell to the floor dead.

OVERRULED by ZEEDS

Judge Refuses to Sustain Action of
Military Authorities.

CIVIL LAW IS POTENT

Jurist Declares the Statutes of the
State of Colorado Have by No
Means Been Overthrown
by Any Person.

Cripple Creek, Colo., Sept. 25.—In
the district court here Thursday Judge
Zeeds overruled the motion to annul
writs of habeas corpus in cases of the
military prisoners, and ordered the
military prisoners turned over to the
civil authorities. Judge Zeeds said he
could not subscribe to the doctrine
advanced by the respondent; that the
military was supreme, and not amena-
ble to the court, because to do so
would overthrow free government and
substitute a monarchy.

The court said the question involved
was: "Does the executive order call-
ing troops constitute a justification of
the arrest?" He said that civil law
had not been overthrown in Teller
county, and no evidence had been pre-
sented that law breakers would not be
prosecuted and punished by the civil
authorities. Judge Zeeds also strongly
rebuked the presence of the troops in
the court room.

Counsel for the prisoners were not
present when the decision was render-
ed. General Chase declined to obey
the order of the court, but it was under-
stood that Governor Peabody will in-
struct him to turn the prisoners over
to the civil authorities. The four pris-
oners were in court.

Date For Opening Set.

Washington, Sept. 24.—Commissioner
Richards of the general land office has
named Nov. 10 next at 9 a. m. as the
date of opening to settlement of three-
quarters of the million acres of ceded
Chippewa lands in Minnesota recently
segregated from timber lands in that
reservation.

GIBBONS HOME.

Cardinal Receives Enthusiastic Wel-
at Baltimore.

Baltimore, Sept. 25.—Cardinal Gib-
bons arrived in Baltimore at 3 o'clock
Thursday afternoon, and was met at
Union station by an imposing delega-
tion of leading citizens, including rep-
resentatives of all leading Catholic so-
cieties. Among the ecclesiastics was
Bishop Curtis. Mayor McLane, who
was accompanied by the members of
the city council, welcomed the cardinal
in a few appropriate words, and was
followed by Judge Heuser of the ju-
venile court. The cardinal replied
briefly, expressing the great pleasure
which it gave him to get back among
his home friends. He was then es-
corted to his carriage and, preceded
by the mounted police, the carriages
of the mayor and councilmen, the
marshal and his aids and the Young
Catholics' Friend society, was driven
to the cathedral, all the other societies
falling in line. It is estimated that
5000 were in the line of parade.

missioner, was unanimously reelected

man of Watertown, Mass., was reelected
secretary. There were but two pa-
pers read and discussed. The first was

governments," by Rev. Paul Forthing-
ham of Boston. He was followed by
Rev. H. Simmons of Minneapolis, who

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD,
No. 477 Beaubien
Street, Detroit,
Mich., is a prom-
inent woman who was
greatly benefited by the
great woman's medicine,
Wine of Cardui. Mrs.
McDonald is the supreme
deputy of the Maccabees
of the World, and one of
the most widely known
women in the United
States. Thousands of women gather to
hear her lecture everywhere she goes.
The great work she has done for the
Maccabees is appreciated by every
member of the order. She was so ab-
sorbed in her work that she neglected
to give her health proper care—failed
to take warning that the symptoms of
approaching kidney trouble gave her,
the shallow complexion and torpid liver.
But Wine of Cardui cured her the same
as it has cured thousands of others and
Mrs. McDonald has written this letter in
order that other suffering women may
secure from Wine of Cardui the same
relief she got from it.

Mrs. Ida McDonald.

that I must do some-
thing to regain my health
friend advocated your
of Cardui treatment so
strongly that I decided to
try it, although I had little
faith in patent medicines.
I am now very thankful that
I did so, for within ten days
blessed relief came to me,
and in less than three
months I was cured, and
have enjoyed fine health
ever since. I know there is nothing better
for a sick woman who wishes to enjoy per-
fect health and am very pleased to give my
heartiest endorsement."

No suffering woman can afford to
ignore such a letter as Mrs. McDonald
writes. Her plans and advice have
proved valuable in building up one of
the greatest women's organizations in
the United States and she takes time to
give advice which she knows will help
you.

Do not delay in securing this medi-
cine. There is nothing to gain and
everything to lose by delay. The choice
is before you. Will or will you not
secure relief now by taking Wine of
Cardui? All druggists sell \$1.00 bottles
of Wine of Cardui as well as 25c pack-
ages of Thedford's Black-Draught.

NEW FARMERS' INSTITUTE DIRECTOR.

Something About Prof. R. L. Bennett—
Selected for this Important Work.

At a late meeting the board of directors of the Agricultural and Mechanical college selected Prof. R. L. Bennett to be director of farmers' institute work in this state for the year 1903-1904. This work has been regularly provided for by the legislature and will be carried on under the direction of the College authorities, as it has been done by Prof. E. J. Kyle of the horticultural department for several months past pending the selection of an institute director.

Prof. Bennett is a native of Alabama, and received his agricultural training in the Alabama Agricultural College, receiving the degrees of B.S. and M. S. in agriculture. For the past twelve years has served with marked success as director of the experiment stations in the University of Arkansas. During his residence there he also did much practical institute work. He is a Southern man, educated in the South, and familiar with the soils, products and conditions with which he will have to deal. Having made frequent trips to Texas, he is familiar with the state, and will bring to his work both technical knowledge and practical experience. He comes highly recommended by Dr. True, director of the federal experiment stations, and the president of the Arkansas University. He visited College before his election for a conference with a committee from the board of directors, and the committee was greatly pleased with the result. Prof. Bennett comes to the College October 1 to enter upon his duties, and will visit all parts of the state in carrying on the institute work.

CLERGYMAN'S VIEWS.

**Canon Maccoll Says Some Powers
Give Sultan Free Hand.**

London, Sept. 25.—At an intercession
service in behalf of the people of Mace-
donia, held in one of the city churches
Friday, Canon Maccoll described Mace-
donians as laboring under disabilities,
rendering them practically outlaws and
deprived of the elementary rights of
humanity.

"Germany, Austria and Russia," he
said, "are giving free hand to the sul-
tan because they have agreed to a par-
tition of Turkey in Europe. Austria is
to have a protectorate over Serbia, with
half of Macedonia down to Salonica.
Russia will get the other half of Mace-
donia, with a protectorate over Bul-
garia; Germany will get a slice of Asia-
Turkey and part of Salonica. When
all Christians have been massacred,
this triumvirate will establish a com-
mercial zollverein and keep out British
trade."

Canon Maccoll urged immediate Brit-
ish action, believing the other powers
would be compelled to follow suit.

WISHES WITHDRAWAL.

**Turkey Wants American Warships to
Depart From Beirut.**

Constantinople, Sept. 25.—Thursday
the porte expressed a wish for with-
drawal of American warships now off
Beirut so a settlement of questions be-
tween the United States and Turkey
can be proceeded with. It is thought
here the United States will not consent
to a withdrawal of the ships. Minister
Lelshman arranged for a conference
with Foreign Minister Tewfik Pasha.
Official circles take a calmer view of
the Balkan situation and advise from
Bulgaria point to relaxation of the
tension.

Categorically Denied.

Sofia, Sept. 25.—Sensational rumors
are current here that Bulgaria sent
an ultimatum to Turkey announcing
that unless satisfactory assurances are
received at once Ottoman troops will
be withdrawn immediately from the
frontier of Bulgaria to mobilize her
latter army. The reports, however, are
categorically denied and the foreign
office declares no such ultimatum has
been sent. Officials add the situation
is unchanged.

FUGITIVES SLAIN.

**Filipinos Were Engaged in an Effort to
Capture Them.**

Manila, Sept. 26.—Two prisoners
Rodd and Black, escaped fugitives from
the United States military prison on
Malaga Island, Laguna de Bay, Luzon,
were killed by natives. In defense the
latter claim the killing took place dur-
ing an attempt to capture the fugi-
tives to gain the reward which was of-
fered for their arrest and return to
military authorities.
